Our Corporate Program

Philly Flu Shots offers on-site Flu Shot Programs for businesses and organizations in the Greater Philadelphia Area.

Our in-house registered nurses will be scheduled to visit your office to administer the vaccine to your employees. This is a quick and efficient way to protect your employees from this debilitating virus.

Program Benefits

- Reduce your company's costs associated with a sick workforce. Flu related costs are estimated at \$1,739 per employee.
- Receive your Flu Shots at your office rather than scheduling a lengthy visit to a Clinic or Hospital.
- Free refreshments

How the Program Works

Step 1: Begin the process by completing our scheduling form at www.PhillyFluShots.com or call us at 215-587-6266.

Step 2: Our nurses will contact you as soon as the serum is delivered to schedule a date(s) for your on-site visit.

Step 3: Sit back and relax as Philly Flu Shots administers the vaccine from the comfort of your office.

Flu Shot Pricing (all inclusive)
A \$50 per hour nursing fee only applies for businesses outside of Center City Philadelphia.

\$24 per shot

Payment Options

1. Company is billed
2. Employee prepays online or on-site.

Priority List Option

Philly Flu Shots offers an optional program feature that allows companies to enroll in our "Priority List" for the Flu Vaccine.

Over the past few years, there has been a shortage of vaccine due to the high demand placed on only a few manufactures. In order to offer protection for companies eager to inoculate their workforce, we offer a program that allows your company to be one of the first to be scheduled.

Program Qualifications

- Submit a 50% deposit on the estimated number of Flu Shots ordered.
- Your company will be ranked based upon the date your deposit was received.
